INow home portal is open. This is the best way for parents to keep a closer watch on your student's grades. There is a link on our school website (wpm.ccboe.org) to help you access the site. Here are your instructions:

1. Open the internet.
2. Type in <http://inow-cullmanco.asc.edu/informationnow> (or go to our school website and click on the link).

3. The login process is a **2 step process** —

STEP 1: The username and password on the first screen will **never change**. **Username: Parents Password: INOW@home**
(these are case sensitive) Click on OK.

STEP 2: Enter the USERNAME and PASSWORD for your child. **This username and password is the same one you have used for several years now.** It follows the general format of first initial last name followed by 4 numbers. Then use the password you selected. Here is an example. (user: cfarley2843 password: warriors1) If you are new to WPMS, have never logged in, or have forgotten this information, you may call the school office for assistance. They can give you the username and reset your password.

~~~~HELPFUL HINTS~~~~

- Use a password you will remember. If you forget it, please call the school and we will reset it for you. Do not call the county office.
- Pop-up blockers need to be turned off for INow to work properly. Also the program has some issues working properly with Internet Explorer. If you experience problems, please try Google Chrome or Mozilla Firefox as your browser. (Some mobile devices also experience compatibility issues)
